.....APPROVAL.....OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

.....This permit is issued subject to existing rights and is further
subject to revocation if and when water can be furnished by an
entity such as a water district or a municipality engaged in fur-
nishing water. A totalizing meter must be installed in the discharge
pipe line, near the point of diversion, and accurate measurements
must be kept of water placed to beneficial use. It is understood
that this right must allow for a reasonable lowering of the static
water level. The well shall be equipped with a 2-inch opening for
measuring depth to water.. If the well is flowing, a valve must be
installed and maintained to prevent waste. This source is located
within an area designated by the State Engineer pursuant to NRS
534.030. The State retains the right to regulate the use of the
water herein granted at any and all times.
.....

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and
not to exceed.....0.45.....cubic feet per second....., but not to exceed
